26th Walk for Wing Kei Raises Over \$402,000 for Wing Kei Highland Park

On June 20, nearly 1,000 participants, volunteers, and staff came together for the 26th Walk for Wing Kei. Blessed with beautiful weather and led by a vibrant lion dance, participants enjoyed an uplifting walk, followed by lively performances by 13 diverse groups and activities at the finish area.

The Family Zone was bustling with children enjoying creative arts and crafts, while the photo booth remained one of the day's most popular attractions. Together, our generous community raised an outstanding \$402,000, exceeding our goal of \$400,000 in support of the Circle of Joy Capital Campaign for Wing Kei Highland Park.

"This will be my last year chairing the event after 7 years," says Clara Tsang, event Co-chair and Board Member, "but I will never cease to be inspired by our community for their generosity, trust, and fellowship. Thank you for your support!"

2026 Report to the Community: Live Abundantly in God's Grace

On May 14th, more than 70 families, donors, and community partners joined us for Wing Kei's 2026 Report to the Community.

Reflecting on abundance, "Our community of staff, volunteers and donors are our backbone. Our achievements would not be possible without their trust and support," says Dr. Harry Zhou, Board Chair.

Community Talents Shine During Seniors' Week

To celebrate Seniors' Week, several volunteer groups and community organizations brought joy to our residents through performances, and engaging activities. We sincerely thank the Yue Yin Singing Group, Encore Kum Yin Nga Jui, and the Hong Kong Musicians Association for sharing their talents. Special thanks to WCCAC for the handmade paper flowers, gardening activities, and flower donations that added colour and warmth to the spring season.

Bringing the Stampede Spirit Home

Yahoo! Our residents embraced the spirit of the Calgary Stampede with a lively western-themed celebration filled with games, delicious treats, creative props and plenty of memorable photos. With the sun shining and spirits high, residents, staff and volunteers enjoyed a wonderful day of laughter and connection.

A New Chapter is Ready for Wing Kei Highland Park

As construction enters its final phase ahead of the Grand Opening and Open House on October 23rd and 24th, we welcomed Minister of Assisted Living and Social Services, Nathan Neudorf to tour the facility on July 17th.

Minister Neudorf, a construction industry professional prior to politics and a devout Christian, remarked about the impressive facility and its speed of construction, and the importance spiritual care in continuing care.
