Alberta Premier and Minister of  
Assisted Living and Social Service  
Visit Wing Kei

## Wing Kei's New Mission and Vision

Wing Kei Care Centres is excited to introduce its new mission and vision - one that reflects the evolution of the organization over two decades, and the changing needs of the community.

**Mission:** Live abundantly in God's grace.

**Vision:** Nurture communities of love and belonging, modelling culturally-responsive care that embraces the fullness of life.

This new direction transforms Wing Kei's perception of continuing care and hospice from a final chapter to a vibrant, ongoing experience of grace. It highlights the vulnerability, but also the joy and dignity experienced by residents each and every day. It is an understanding that care is not just about maintaining health. Together, we are nurturing a home, a community where everyone has a place to flourish.

"We want to celebrate with everyone who comes in the door, to celebrate life and live abundantly until their last breath. That is how we are making a difference in serving seniors."

Kathy Tam, CEO

Construction

## Alberta Premier and Minister Visit Wing Kei

On December 18th, 2025, Wing Kei Crescent Heights was honoured to welcome Premier Danielle Smith and Minister Jason Nixon, Minister of Assisted Living and Social Services. During the visit, we shared the day to day realities of senior care, the dedication of our staff and volunteers, and the needs we see in continuing care and our long term vision to support more seniors with dignity, safety, and community.

## A New Landmark: “Wing Kei Place” Street Sign Now Up

On December 17th, 2025, Wing Kei marked a phenomenal milestone with the official installation of the Wing Kei Place street signage at the cul-de-sac entry of Wing Kei Village. The new sign now replaces the former “41st Avenue NE” street name, reflecting an important step forward in the Wing Kei Village journey. Upon completion in 2026, the Wing Kei Highland Park will proudly use the address: 120 Wing Kei Place NE.

## Residents' Birthday & Christmas Party

In December, Wing Kei was filled with holiday warmth as residents enjoyed a Christmas party full of laughter and smiles, thanks to a lively Santa volunteer. We also celebrated residents with December birthdays, adding an extra layer of joy to the day. The Stampede Promotion Team shared their blessings through Christmas cards and a brief introduction to the origins of Christmas, and residents and staff played handbells together for Christmas songs.

## Over 50 Shoeboxes Packed Up for Operation Christmas Child

Wing Kei was grateful to support Samaritan's Purse Operation Christmas Child again this year. Over 50 shoebox gifts were prepared by our staff with love and care. Operation Christmas Child is an international initiative that encourages communities to pack shoeboxes with toys, school supplies, and hygiene items for children in need. These gifts delivered worldwide are a tangible expression of compassion, joy, and the unconditional love of God.
