

Family update #159

May 25, 2022

Dear family and friends,

COVID-19 Update

Two residents at the Main Floor of Greenview Long Term Care have tested positive, one of them with minor COVID symptoms. One staff also tested positive through rapid testing. **Alberta Health Services Communicable Disease Control has declared an outbreak on the main floor of Greenview Long Term Care today** and requested all residents and staff on the affected unit to take the PCR prevalence test for prevention and protection.

Visitation

Currently only essential visits are allowed on the main floor of Greenview Long Term Care. We also recommend that visitation be limited to essential visits on the other floors as a precautionary measure.
