

Family update #177

November 5, 2022

Dear family and friends,

COVID-19 Update

As of today, **three residents at Greenview Long Term Care 2nd floor have tested positive for COVID.** All of them are symptomatic. RAS test results of other residents on the unit are all negative. All residents are doing well.

Two residents at Greenview Supportive Living 2nd floor have also tested positive for COVID. RAS test results of other residents on the unit are all negative. Staff are working diligently to monitor all residents closely and make sure everyone is well taken care of.

AHS Communicable Disease Control has declared outbreak on both Greenview Long Term Care and Supportive Living. **Currently visitation is limited to essential visitors only on the above two affected units.**

If there is no further new case, the outbreak will be lifted on November 20. Please keep residents and staff in your prayers.

*The Lord Himself goes before you and will be with you;
He will never leave you nor forsake you.
Do not be afraid; do not be discouraged.”
