

Family update #187

January 20, 2023

Dear family and friends,

As the Chinese New Year is drawing near, I would like to express my sincere thanks for all the blessings that we have got and your unfailing support in the last year, which gave us hope and strength during happy and hard times. I have the following updates to share with you.

COVID-19 Update

We are very glad that on the fifth floor of Crescent Heights, the last resident on isolation will be off isolation tomorrow and everyone will be able to join together and celebrate the Chinese New Year. It is anticipated that the outbreak will be lifted on January 25.

As a precautionary measure, until January 25 only essential visitors who provide support during meal times (feeding) and emotional support for the residents are permitted on the unit. Please email chfamilyvisit@wingkei.org to book visit on the unit.

Resident Chinese New Year Celebration

The joy and excitement of the Chinese New Year is in the air. For the celebration, residents had festive tea party yesterday and enjoyed delicious turnip cake provided by a generous donor. We will also organize a special Chinese New Year eve lunch for the residents on January 21 to receive the Year of the Rabbit. Dim sum lunch will be served on January 28, which is also the Chinese "Universal Birthday". Birthday bun will be served to all residents.

We have also arranged activities like Fair Market where residents can exchange their participation coupons for beautiful handmade crafts and traditional Chinese snacks, traditional Chinese art and craft, calligraphy, music and Chinese New year themed games for the residents to participate and enjoy.

Stay Safe and Healthy

Currently GI and Respiratory infections are active in the community. Families and visitors are reminded of continuous masking and diligent hand hygiene while visiting. DO NOT visit when you are not feeling well, even with minor symptoms.

To prevent GI infection, families may refer to the [guidelines by AHS on bringing food to your loved one](#) to ensure food safety.

Best wishes

Wishing you a healthy and joyful
Year of the Rabbit!

*A cheerful look brings joy to the
heart; good news makes for good
health.*

~ Proverbs 15:30

With gratitude,
Kathy Tam
