Greenview Hot Water Recirculation Pipe Replacement Completed

The hot water recirculation pipe replacement project at Greenview was completed and sanitized. The water samples were tested with favorable lab results. The hot water recirculation system was back in operation on December 15. We sincerely thank all residents and family members for their patience and cooperation throughout this process.

Health & Safety Update

There are currently no outbreaks at any of our three sites. However, there has been an increase in outbreak activity within the broader community. To help protect our residents, we kindly ask family members and visitors to visit only when you are feeling well and free from recent exposure to illness. Please practice good hand hygiene by washing or sanitizing your hands thoroughly before and after your visit, and wear a mask as appropriate. Your cooperation is essential to maintaining a safe and healthy environment for everyone.

Reception closed: December 25, 26, and January 1, 2026

The reception will be closed on Christmas Day, Boxing Day, and New Year's Day, i.e., December 25, 26, and January 1, 2026. Families and visitors, please remember to bring your Access Card when you come to visit your loved one.

Merry Christmas and Happy Holidays

We are so grateful for the support this past year. During this special 20th anniversary year, we have continually witnessed moments of Unconditional Love from you, our residents, staff, and volunteers, which have enabled us to work with a spirit of Courageous Innovation. On behalf of the Wing Kei Team, we wish all of you a Merry Christmas, and we look forward to working with you in the New Year.

This is how God showed His love among us: He sent His one and only Son into the world that we might live through Him.
